

# Mobile Acute Care Station

Single and Dual Patient Carts available

Ideal for room and facility expansion

When you need to expand your capabilities to take care of a rapidly growing number of patients, the Mobile Acute Care Station is your answer. This mobile unit, which measures just 34" wide will fit into tight spaces between beds or against walls in hallways. It also features a powder coated easy-to-clean surface, hospital-grade, locking dual casters and side handles for easy movement.

16" x 14" shelf to hold portable suction or vital signs monitoring equipment

Rail Mounting System for equipment and accessories

20" wire basket for patient care products and accessories

Space for collection canisters

Twin hook IV poles for fluids and IV pumps

Multiple Oxygen, Air and Vacuum outlets

Ability to hold up to six E Cylinders
